# cerrowire® BARREL PRO

## Tangle-Free Guarantee

- 55-gallon size holds 2,150 – 20,000 ft lengths with a tangle-free payout.
- Our lower pull tension makes for safer, faster, and easier installation.

### SEQUENTIAL FOOTAGE

- Footage markings on one conductor provides accurate length of the remaining wire.
- Vivid, dual striping allows for easy neutral wire identification.
- Barrels can hold up to 7 Cerrowire conductors.

### ACCESS TO PIGTAILS

- Gives electricians pigtail access to both conductor ends in the multi-conductor barrel pack, allowing for easy testing of the wire.
